

Call for Papers

New Developments in the Economics of Air Pollution

October 13-14, 2026
Mannheim, Germany

We invite submissions for a workshop on *New Developments in the Economics of Air Pollution*. The workshop aims to bring together leading scholars and promising early-career researchers to present and discuss cutting-edge research on this topic.

We are delighted to announce that **Erin Mansur** (Tuck School of Business at Dartmouth College) and **Shuang Zhang** (Imperial Business School) will deliver keynote speeches.

The submission deadline is July 29, 2026. Interested authors are invited to send their paper via email to submissions@heal-project.eu. In your email, please also indicate whether you are willing to attend the workshop as a discussant. Accepted presenters will be notified by mid-August.

Presenters and discussants will be provided with accommodation in Mannheim for up to three nights and a conference dinner. A limited amount of need-based travel funding is available (with priority given to scholars with limited research funds). Mannheim is easy to reach by train and via Frankfurt airport.

The Organizing Committee:

Ulrich J. Wagner (University of Mannheim)
Julia Mink (University of Bonn)
Kathrine von Graevenitz (University of Mannheim and ZEW)

This conference is supported by the DFG Collaborative Research Center Transregio 224, the European Research Council under Grant Agreement 865181 (HEAL), and the University of Mannheim.
